proved of exceptional value in the furtherance of safety. All were considered meritorious. He proved an active member when on the safety committee of his division, and after retirement from the committee displayed the same untiring zeal and interest in safety promotion.

The Southern Pacific company was awarded the Harriman memorial safety medal by the civic body as the safest railroad in the United States. Schwab's winning of the replica confers upon him the distinction of being the employe of the operating department who, as an employe, contributed most to the company's success in making the wonderful record it did. Other great records made by employes who displayed greatest interest and effort in connection with "safety first" were those of Engineer J. H. Dumphrey of the Portland division. Master Car Repairer M. H. Warren of the San Joaquin division; Conductor W. H. Brennan of the Coast division, and Engineer A. Livingston of the Shasta division.

They, too, will receive letters of Livingston of the Shasta division.

RAILROAD STOCK SAGS

New York, March 5.-With the anouncement today of an issue by the Chesapeake & Ohlo railroad of \$33, 000,000 five per cent five year notes, the stock sagged abruptly during the first hour of the market, declining to 60, against 63 7.8 at yesterday's Trading was unusually heavy and implied some doubt as to the stability of the dividend. It appeared that one of the provisions of the issue prescribes that during the term of these notes, the company is to aside from its earnings \$17,000, 000 for improvements to the proper ty before further dividends can be paid. That is to say, fixed amounts must be set aside each year, \$2,000, 000 the first, \$3,000,000 the second year, and \$4,000,000 for each of the remaining three years,

Officials of the road refused to dis cuss this feature of the situation ex cept to express the belief that earnings would be large enough to cover the additional charges.
